

Engineering Reboot 2026 - Governance v2.0

Rule 1 – Directory Structure Freeze

No new directories, renames, or relocations without explicit approval.

Rule 2 – Artifact Ownership

Planning, Notes, Journal, Exercises, and Evidence each have a single responsibility.

Rule 3 – Evidence Policy

Evidence consists of screenshots only. No Evidence.md files.

Rule 4 – Notes Policy

Notes answer: What did I learn?

Rule 5 – Journal Policy

Journal answers: What happened today?

Rule 6 – Artifact Justification

Every artifact must provide unique value.

Rule 7 – Weekly Planning Model

Plan weekly, execute daily.

Rule 8 – No Mid-Week Process Changes

No new folders, artifacts, or naming conventions after approval.

Rule 9 – One-Hour Optimization Rule

Minimize administrative work, maximize engineering work.

Rule 10 – Governance Supremacy

Governance overrides conflicting field manuals.
